FIRST ANNOUCEMENT – CALL FOR PAPERS

European Neural Network Society

International Neural Network Society
Institute of Information and Communication Technologies, BAS
Technical University of Sofia
Union of Automation and Informatics, Bulgaria

ICANN 2013
10-13 September 2013
Sofia, Bulgaria

Main Topics:

Neural network theory & models	Brain machine interfaces	Neural hardware
Computational neuroscience	Evolutionary neural networks	Bioinspired embedded systems
Neuronal automata	Neurodynamics	Collective intelligence
Connectionist cognitive science	Complex systems	Self-orgnization
Pattern recognition	Neuroinformatics	Embodied robotics
Neuroeconomics	Neuroengineering	Learning algorithms
Neurofinance Graphical network models	Hybrid systems	Neural data analysis
	Computational biology	Cognitive models
		Cellular Neural Networks
